

ALCHEMY HOSTED MICROSOFT EXCHANGE

Take advantage of all that Exchange has to offer, with the reliability you need and at a price you can afford with Alchemy Hosted Microsoft Exchange – “Exchange in the Cloud”.

You tap into the Cloud* Exchange IT Infrastructure over an Internet connection without the need to purchase and maintain an internal IT Exchange Infrastructure

Microsoft's Exchange Server and Outlook client software are the standards of the business world, delivering e-mail, contact management, calendaring, and collaboration tools that millions of business people depend on. Unfortunately, Exchange server can be an expensive proposition for many businesses. Often the consequences are inadequate reliability, security risks, disabled features, obsolete versions and expensive administration.

Now, with Alchemy's Hosted Exchange, you can have advantage of Exchange, without the negative consequences.

The Features You Want

Alchemy's Hosted Exchange runs on highly reliable hardware, administered by certified specialists in an enterprise-class **cloud** data centre. You access Exchange Server over secure, high-bandwidth Internet connections ensuring email and shared resources are available anywhere your users are: in the office, at home, or on the road.

If you are currently using Exchange and/or Outlook, your organisation's email users can be easily migrated

Exchange in the Cloud

to the Hosted Service, with a minimum of disruption and no need for additional training.

Mobile device support is available for Windows Mobile, iPhone and Blackberry with **FREE** hosted Blackberry Enterprise Server Express. Full Blackberry Enterprise Server is an optional service.

Shell-IX, the industry's most effective hosted security service for anti-spam and anti-virus protection is included as standard.

The Reliability You Require

Our certified systems administrators demonstrate the kind of proactive care that ensures high availability and security on the servers. They ensure that all patches and security updates are quickly installed, providing you the peace of mind you need for your most critical IT service.

The Price You Can Afford

Alchemy's Hosted Exchange Service includes everything you need. You pay a monthly fee per user per month. You don't need to purchase any server hardware or software licenses.

Features include:

- 1GB or 2GB storage per mailbox
- Full Outlook 2007 functionality
